Math and Computer Magazines and Journals

2017-18
Mack Library Periodicals offers resources to equip your classroom and provide your students with current information in their field. This brochure is a list of the math and computer periodicals that Mack Library currently receives in print. A complete list of holdings within this subject is available through the periodicals office, and numerous journals are accessible through the databases found on the library website.

- Mathematics Teacher—Print & Jstor archives
- Mathematics Teaching in the Middle School
- Teaching Children Mathematics

Research Assistance

The Periodicals Office provides assistance with locating articles and answering research questions. Email journals@bju.edu, call ext. 6040, or visit libanswers.bju.edu to submit a question online.
