This database contains do-it-yourself repair and maintenance information on most major manufacturers of domestic and imported vehicles. New repair procedures, TSBs and updates are added to the product on a regular basis. All of the content has been created by ASE certified technicians. Coverage of more than 37,000 vehicles from 1945 to 2015.

**Finding the Database:**

- Go to the Mack Library website.
- Click on “Online Resources” and then “all of our databases” to view an alphabetical listing of databases.
- Click on “A” to jump directly to the databases beginning with A.
- Scroll down to *Auto Repair Reference Center* and click on the title.
Videos showing all parts of the vehicle and how they each operate.

Tabs for Care and Repair Tips plus Troubleshooting add more information that are fully searchable.
