The instructions explain how to find information using the Classical Music Library database which is the world's largest multi-label database of Classical music recordings for listening and learning in libraries. Coverage includes music written from the earliest times (e.g. Gregorian Chant) to the present, including many contemporary composers. Repertoire ranges from vocal and choral music, to chamber, orchestral, solo instrumental, and opera. This release includes albums: 835,950; tracks: 10,650,496; books/documents: 52,767; pages: 1,218,315.

**FINDING THE DATABASE:**

- Go to the Mack Library website at [http://library.bju.edu](http://library.bju.edu).
- Click on “Online resources” and then “all of our databases” to view an alphabetical listing of databases.
- Click on “C” to jump directly to the databases beginning with C.
- Scroll down to Classical Listening Library and click on the title.

Key Handel as the search term and get the following results:

On the left of the screen choose various ways to limit and refine your search with 15 different dropdown choices like:

**FORMAT**
- Audio (3731)
- Text (756)

**CONTENT TYPE**
- Music recording (3666)
