3. Choose a subject from the “In the News” or “Browse by Category” list of topics or key in a search term that you want the database to search. Using Advanced Search, you can choose to turn off the automatic “And” default and connect terms with “Or” or “Not” in the search box.
  - “And” retrieves all documents that discuss **both terms**;
  - “Or” retrieves all documents that discuss **both or one term**;
  - “Not” retrieves all documents that discuss the **first but not**

# Field Codes

1. Using Advanced Search, choose the down arrow beside Select a Field for a specific Field Code.
2. To search for articles that include the subject sports injuries and the term hockey, type: *Sports Injuries* and select SU Subject from the drop list.

3. Click **Search** or **Enter**. The Result List appears.

4. Expand search more completely on the left of the screen by choosing All Results under Source Types and the list will automatically Update with

more articles available.

Click on PDF to see the full text article.

Use Cite in the Tool Bar to the right to access the citation list of choices for the article. For nursing classes, the citation is usually APA. For English classes, use MLA. Copy and paste the citation to your bibliography.

## EBSCOhost Curriculum Standards
