

Academic Search Complete is the world's most valuable and comprehensive scholarly, multi-disciplinary full-text database, with more than 6,100 full-text periodicals, including more than 5,500 peer-reviewed journals.

Academic Search Complete is searched in the same manner as all other EBSCO databases. See the EBSCO Searching booklet for more information. This page lists some of the special features of *Academic Search Complete*.

Results by Publication Type

The screenshot shows the Academic Search Complete search results page. At the top, there is a navigation bar with links for "New Search", "Publications", "Subject Terms", "Cited References", and "More". On the right, there are links for "Sign In", "Folder", "Preferences", "Languages", "Ask Us", and "Help". The main search area includes a search bar with the text "computer", a "Select a Field (optional)" dropdown, and buttons for "Search", "Create Alert", and "Clear". Below the search bar, there are options for "AND" and "OR" search, and a "Basic Search" / "Advanced Search" / "Search History" link. The search results are displayed in a three-column layout. The left column, titled "Refine Results", shows the "Current Search" as "Boolean/Phrase: computer" and "Limit To" options for "Full Text", "References Available", and "Scholarly (Peer Reviewed) Journals". The middle column, titled "Search Results: 1 - 10 of 1,571,157", shows two results. The first result is "Towards Building a Computer Aided Education System for Special Students Using Wearable Sensor Technologies" by Mehmood, Raja Majid; Hyo Jong Lee. The second result is "Activities with Parents on the Computer: An Ecological Framework" by Paiva, João C.; Morais, Carla; Moreira, Luciano. The right column, titled "News", shows "Newswires" and "Web News" sections with various news items and links to "Find More".

The default setting is to view all results from a search. The center is the search results with choices on the left side to limit the search by choosing full text, peer-reviewed, date, narrowing the search results by choosing type of source, adding a subject, or choosing a specific publication. The right side shows current news items and web news on the topic.

Database Images

The screenshot displays the 'Database Images' search interface. At the top, a navigation bar includes links for 'New Search', 'Publications', 'Subject Terms', 'Cited References', and 'More'. The 'More' link is highlighted. Below the navigation bar, the search area shows a search bar with the text 'computer', a 'Select a Field (optional)' dropdown, and buttons for 'Search', 'Create Alert', and 'Clear'. There are also 'AND' dropdowns and a '+' '-' button. The search results are displayed on the right, showing 'Search Results: 1 - 10 of 1,659'. The results list includes items like 'Personal Computer, Database: Image Collection', 'Illustration of PC with old fashioned computer monitor', 'View of a hard disk', 'Computer aided microscope in a laboratory', and 'Rubber gloved hand holding computer memory chip'. Each result includes a small image icon, the title, the database source, and a list of subjects.
